

CHOLESTEROL REFERENCE METHOD LABORATORY NETWORK

CERTIFICATE OF TRACEABILITY

This certifies that

*Clinical Reference Laboratory
General Laboratory
Lenexa, Kansas*

has documented traceability to the National Reference System for Cholesterol by performing a direct comparison with the cholesterol reference method using fresh patient specimens. This laboratory has demonstrated the ability to meet the National Cholesterol Education Program's performance criteria for accuracy. The comparison was performed with

University of Washington, Department of Medicine
Northwest Lipid Metabolism and Diabetes Research Laboratories
Seattle, Washington

The system evaluated was:

Instrument:
Roche Diagnostics, Inc.
Modular
Reagent:
Roche Diagnostics, Inc.
Lot #: 604895-01

Calibrator:
Roche Diagnostics, Inc. C.F.A.S.
Lot #: 177401-01
Sample Matrix:
Venous Serum

Date of evaluation: February 11, 2009

Certificate expires: August 11, 2009
