

## FormFox Release 2025.1: January 28<sup>th</sup>, 2025

### ENHANCEMENTS

- **Customizable Grid in Complete /Search:** The billing section in Formfox now has a customizable search result grid so you can put columns in a custom order and choose which columns you want to see.
- **NEW! End use of Orasure Intercept for Oral Testing:** As of midnight January 31, 2025, CRL / FormFox will no longer accept the Intercept device for oral fluid testing.
- **New Support Hours:** New Support hours of operation are listed on the FormFox.com login page. New hours: 7:00 am-6:00 pm CST.
- **Added Validation for BATs:** FormFox has added validation to ensure that BAT orders have a cutoff level of greater than 0.0.
- **PETH Workflow Update:** Currently in the Peth workflow the patient's address, city, state and zip code are required. These fields have been changed to non-required.
- **Resend to Marketplace Button for Physicals:** For physical exams, the "Resend to Marketplace" button has been added to the test details event page.

### BUG FIXES

- **Omega Collection:** Certain combinations of test codes and account numbers were creating issues for pre-orders. This has been fixed. All pre-orders for Omega will work now.
