

Workforce RLSE0011627

Customer Release Notes

Release Date 08/11/2026 8pm CST

- **STRY0132631:** Fixed an issue where incoming test results marked as Abnormal were not populated on the results grid.
- **STRY013407:** Archived Occupational Health Services (OHS) results can now be viewed on the Workforce Results page when **Show Archived Orders** is checked.
- **STRY0134051:** Added missing Occupational Health Services (OHS) information. (date time, status), to the Workforce Event Details screen and the Results CSV Export Tracking Report.
- **STRY0133771:** Added the **Create Order Company** field to the Results CSV Export Tracking Report, making it easier for One Source customers to identify which company an order was created for.
